

OUR SIZING CHARTS.

HOW TO MEASURE YOUR BODY

- 1 CHEST:** Measure the chest around the fullest part, placing the tape close up to the underarms, making sure the tape measure is horizontal across the shoulder blades.
- 2 WAIST:** Measure around the natural waistline (find the natural crease by bending to one side) keeping the tape horizontal.
- 3 HIPS:** Feet together, measure around the fullest part.

TECHNICAL FIT GUIDE

- 1 FITTED**
Follows the shape of the body, and stretches with the movement of the body.
- 2 SEMI-FITTED**
Skims the body, clings in the right places. Not 'squeezed into a sausage' fit.
- 3 RELAXED FIT**
Engineered for an on-bike relaxed fit, looser around the body. We recommend to size up to wear as a casual piece.
