

Lighthouse Size Guide

Each product detail page will have a *SIZE GUIDE* and a *MEASUREMENTS* section. Most people go by the Size Guide (your body measurements-bust/hips etc) but the Measurements section will tell you the actual dimensions of the coat, if that is of use.

The feedback we receive on most of our Ladies' coats is that they are true to size, but you may need to size up if broader across the hips and/or bust.

HOW TO MEASURE

Bust: Measure around the fullest part of the bust, keeping the tape measure parallel to the floor.

Waist: Measure around the natural waistline.
